## ECTOPIC MURMURS

2020 has been a challenging year for FEUDNRSMAF, especially for our fundraising efforts to support our cornerstone project - the FEUDNRSMAF Scholarship Fund. Despite this, we managed to come together once again, to raise enough funds to continue our work this year. Your generosity will strengthen our commitment to our mission and promote our alma mater's goal of excellence and its ability to compete in the medical world stage. Salamat po!

We are also grateful to alumni donors to the Scholarship Endowment Fund, Student Achievement Award, and the Jubilarian Class Funds. Thank you donors for your continued support and participation.

God Bless!

**Happy Thanksgiving**  
**Many Thanks for Sharing Your Gifts of Treasures**

*From Your Scholarship Committee*

## MESSAGE FROM THE CHAIRMAN - Licerio “Jun” Castro, MD, Class ‘73

“ WHAT HAVE YOU DONE FOR YOUR BROTHERS AND SISTERS?”

The ultimate expression of gratitude is not the words spoken but by the life you have shared. The simple means of countless everyday gestures within us surely display an awakening of an authentic revolution of divine tenderness. The existence of that burning desire deeply embedded in us, strongly suggest how we might be consumed by the same fire and guided by the same charity. As we have subsisted and prospered in many ways, such progress is tendered in moral and spiritual things as well. We should be humbled and bow to Our Dear Lord in gratitude for the abundance of His many favors.

Undeniably, comforts and pleasures enjoyed by a few are fantasies to many. This Thanksgiving Season, allow our truly grateful hearts to be inclined to deeds of charity and render our thanksgiving more acceptable in the sight of Our Dear Lord. Countless numbers of the needy surround us and as valiant crusaders, we are united in giving assistance to them in every way, shape or form. As children of God, we can forge a conservative revolution to promote such acts of humility, kindness and love for our fellowmen.

We truly acknowledge the generous support and donations of distinguished members of the FEUD-NRSMAF. Their most admirable contributions enabled the foundation to support our Alma Mater especially the **Scholarship Program** as a priority. However, during the present crisis, we have very limited resources for funds thereby appealing to all members of the Alumni for financial assistance in a manner for the Foundation to continue effectively in the pursuit of worthy projects.

I pray for the Lord’s blessings for you, your families, love ones and I trust that we will ride the journey together with resilience in the face of adversity.

Have a wonderful Thanksgiving.

Enjoy, be safe and be well.

## PRESIDENT’S MESSAGE - Rick F Deleon MD, Class ‘64

We can make the celebration of Thanksgiving Day as it was meant to be with a sense of confidence and achievement. Thanksgiving is a time for enjoying the rituals of feast and family gatherings. It is a time of counting our blessings and good fortunes reflecting upon the many benefits and privileges that we enjoy.

On this day we thank you Heavenly Father, giver of all good gifts, for thy mercy and blessings given us by thy spirit, that in all our doings, we may be enabled to glorify thee. May goodwill abound, charity and the spirit of philanthropy be practiced among us in the Foundation.

Thanksgiving is a “Thank You” month to our school (FEU-NRMF). A time to reflect and give thanks for the blessings that the school has provided to us and what we have become in our professional careers because of our medical education. Therefore, to my fellow alumni, we would like to appeal to your generosity by sharing your good fortune for a worthy cause, the FEUDNRSAMF Scholarship Fund.

It is high time we give back to our Alma Mater. We need your help now more than ever before to donate/ contribute to the scholarship and other programs of the Foundation. COVID 19 prompted cancellation of our annual reunion last July. We automatically lost a major source of income for our scholarship program which was the annual raffle drive.

We urge everyone in our alumni community to contribute toward a noble endeavor. We are grateful and thankful for whatever amount one can give.

I want to revisit the resolution approved 2 years ago by the BOT that each BOT member donates \$500 to the scholarship program. Our scholars are the ones who will propel us to greater heights in the medical academic community thru their academic accomplishments.

We encourage our fellow alumni members to follow and emulate the philanthropic gestures of the many alumni throughout the years that have shared their gifts - large and small to meet our mission as a charitable organization. We thank them and all the potential donors for your generosity and support of our programs.

God Bless.

## MESSAGES OF THANKS FROM YOUR SCHOLARS

### Vincent Gerald P. Orpiano 3<sup>rd</sup> Year Medicine FEU-NRMF

My willingness to pursue Medicine started when I was working as a medical technologist in a government hospital. By that time, I was supposed to finish my two-year working experience as a requirement to work abroad. I had finished a regular six-month internship and another six months externship requirement, taken and passed the international board exam for medical technology and had worked over a year. Almost everything had been finalized.

But one day at work, I realized that I was not happy with what I was doing so I asked myself “Is this really what I want?”. I then remembered the time my father asked me what I wanted to pursue. I only had one thing on my mind and that was to help other people, so I envisioned myself becoming a doctor. It made me feel alive. I knew then and there that being a doctor was my calling. Just thinking about how I could help people made me ecstatic. I discussed it with my father and surely, he supported me every step of the way. He sold our land in the province to provide for my dream but unfortunately it was not enough, so I decided to work again for another year to help in paying for my future expenses in medical school.

During Medical School I was lucky enough to meet the required grade for partial scholarship (second semester of first year and first semester of second year). Unfortunately, our family had another financial crisis and I needed to pay half of my tuition fee. I have two other siblings, a sister recently graduated and about to take the board exams and the youngest sister as an incoming senior high. Our only source of income was my father’s salary managing a small dormitory (15,000PHP a month) and a small computer shop inadequate to pay all school expenses. I had no other option so I decided to give way and stop my studies for a while.

When I applied for a leave of absence from the Deans office, Dean delos Reyes advised me to apply for a financial grant at FEUDNRSMAF. The Committee was able to solicit funding from the Northern Texas Chapter of which an FEU-NRMF alumnus Dr. Aliyas<sup>66</sup> is a member and I was able to continue with my studies because of their generosity.

With perseverance I finished the semester and ranked top 4 in our batch. I was then promoted to being a Foundation scholar and received additional funding to support my studies through the Drs Roy & Cita Cabrera Endowed Scholarship Fund. And then COVID 19 came and our small computer shop was forced to close and my father had difficulties going back to work because of his comorbidities. I was then forced to take over managing the dorm and became a working student.

Life became more challenging but with the support of a financial grant given by the US based FEUDNRSMAF Class 1966, it greatly eased my journey as a medical student. I will always be grateful for the opportunity and generosity of the Foundation that has been generously given to me. I promise to do my best and finish with honor and soon be able to serve my own countrymen.

### Katrina A. Paglicawan, MD Class 2020, Foundation Scholar 2016-2020 Current Post Graduate Intern FEU-NRMF Medical Center

Being a Foundation Scholar is still one my greatest blessings, and it is a big part of what shaped me as a medical student.

I entered medical school with the resolve to do my best, but the privilege of being a Foundation scholar inspired me to do even better, not just for myself and my family, but also for the school and the Foundation. I wanted to show how much I valued the blessing, if only to honor the support and generosity of our benefactors who helped aspiring medical students like me without asking for anything in return. And because I need not be stressed over the heavy expenses of medical school, and even had resources to buy books and other learning aids also thru our allowances, I was able to maximize my full potential as a student and it led me to achievements that I never even dreamt about when I entered the FEUNRMF School of Medicine.

It’s impact in my life also extends beyond medical school because aside from creating connections with the Foundation through Dr. Tansuche, and Class 1960 through Dr. Pete Obregon, I also became a part of a family of fellow scholars, with seniors and juniors supporting, cheering for, and helping one another as we all work hard to achieve our dreams.

For all that the scholarship has given me, I pray that one day I will be able to extend these blessings to the community and future doctors too. Thank you!

### Maria Conchita Morabe MD, Class 2007

I am always indebted to the opportunity that the US Alumni Foundation has done for me. Tito Sen’s (Dr. Arsenio Martin 67) legacy bespoke of genuine service exemplified. His unselfish ways of reaching out to our needs of uplifting the spirits of the people around him taking pride in our little accomplishments inspired me to share the same commitment to the people I meet.

Tito Sen would subtly challenge us in order to mold us in becoming the best version of ourselves. With the overwhelming support and continuous guidance of the organization, the scholars albeit steered and honed in different directions have found their niche in the medical community. Paying it forward, it is my personal vision to serve in a government hospital, allowing me a greater opportunity to mold younger compassionate physicians attending to the less privileged, and a chance to give back to society. Beyond measures, Tito Sen defined the meaning of true service. As scholars of the FEUDNRSMAF, we are working hard to emulate that character.

*Dr. Morabe is one of two pioneer-batch of the scholarship program 2nd semester of 2004. She graduated valedictorian and Cum Laude, and is currently a 2nd year Pediatric Nephrology Fellow at the Philippine Children’s Medical Center.*

## SCHOLARSHIP PROGRAM - FEUDNRSMAF: Hernani Tansuche MD, Class 68, Chair FEUDNRSMAF Scholarship & Student Achievement Awards Committees

Section F, Section 1 Article IV of the FEUDNRSMAF (Foundation) By-Laws states: "To establish grants, chairs and scholarship awards to members of faculty and students of the Medical school". In line with this proviso, the Foundation implemented Section F to establish the Endowment Fund (Professorial Chair Awards) in the 80s. Other grants include the Faculty awards for the senior and junior faculty (basic and clinical depts) and Faculty Incentive awards.

The late Arsenio Martin<sup>67</sup> personally funded the Most Outstanding Faculty Award selected by the student body and was joined later by Dr. Manuel Malicay<sup>72</sup>. This award is now named after Dr. Malicay and continues to this day. There is also a Teaching Resident Award initially funded by the late Dr. Virgilio Pilapil<sup>62</sup> and presently called Drs. Licerio<sup>73</sup> and Daisy<sup>73</sup> Castro Award.

The Student Achievement Awards (SAA) are given to students from the first to third year levels, including the most outstanding student at the 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> year levels and most outstanding student from first to third year level. Foundation scholars were recipients of most of these latter awards in the past 3 years.

In the past several decades FEU-NRMF has offered academic scholarships to students based on their GWA (graded weighted average) and financially-needy students were given financial grants by individual alumni members. The latter scholars applied with the FEU-NRMF Medical Dean or to the Foundation through the Executive Director (the late Dr. Cesar Reyes<sup>68</sup>). Dr. Reyes would then seek financial assistance from generous alumni members. In the late 2004, Sen Martin as a BOT member recruited two students from San Beda College as lateral entries into the program. During the term of Dr. Amante Legaspi<sup>68</sup> as Chairman in 2006, he funded the program with proceeds from a raffle drive during the annual reunions and appointed Dr. Daisy Ramos<sup>62</sup> as Chair. Since then the raffles have been an annual staple of the national reunions and have been successful in generating funds for the program with the same Chairwoman at the helm of the Committee.

Dr. Martin continued recruiting scholars for the school during his term as President and Chairman of the Board. In 2012, the Foundation created the Scholarship Committee and Dr. Martin was appointed Chair until his passing in 2013. The GWA is used as a basis of a student's scholarship eligibility for both academic scholar and the Foundation scholar. The full academic scholar's tuition is 100%-funded by FEU-NRMF, and the Foundation defrays the miscellaneous fees, stipend and yearly books costs. Rationale for the additional monetary benefits is to be more competitive with the other medical schools in attracting the brightest to enroll at FEU-NRMF. The Foundation splits the partial scholar's tuition fee with FEU-NRMF. In addition, the Foundation also pays for the miscellaneous fees and provides a stipend as well as a yearly book allowance.

In 2018, the Committee started accepting financially indigent students as grantees with funding solicited from alumni members. Last year the recipients were classified as Economic Hardship scholars. The Committee also started vetting the applicants and satisfying criteria attesting to their financial indigency. The Committee also implemented stringent criteria in maintaining status as full or partial scholars. In 2018 the Foundation treasurer (Dr. Cureg) also formulated a budget for the scholarship program and established an Endowment fund for Economic Hardship scholars with generous donations from The Drs. Roy<sup>66</sup> and Cita Cabrera Endowed Scholarship Fund and from Drs. Rene<sup>68</sup> and Aurora<sup>67</sup> Estrella.

Our efforts have paid off as evidenced by the performance of our scholars. The program has yielded impressive results. Since 2009 we had graduates placing in the top ten in the February and September PLE, some of which are Foundation scholars. Since 2018, all of our Foundation scholars have graduated with Latin Honors.

We take pride in the stellar performance of our scholars which extends beyond their graduation. We appreciate their expressions of gratitude towards the Foundation especially to their benefactors for helping them achieve their dreams of becoming a doctor. We take great satisfaction in their accomplishments and are proud that we all are graduates of FEU-NRMF. We are truly grateful for many alumni that have given generously to the Scholarship Program through the years.

## PLE NOVEMBER 2020 RESULTS

The top ten performing schools in the November 2020 Physician Licensure Examination as per Commission Resolution No. 2017-1058(C) series of 2017.

**WITH 100 OR MORE EXAMINEES AND WITH AT LEAST 80% PASSING PERCENTAGE**

RANK	SCHOOL	TOTAL NO. OF EXAM.	TOTAL NO. PASSED	PERCENTAGE PASSED
1	CEBU INSTITUTE OF MEDICINE	138	138	100.00%
2	UNIVERSITY OF THE PHILIPPINES-MANILA	146	144	98.63%
3	ATENEO SCHOOL OF MEDICINE AND PUBLIC HEALTH	143	141	98.60%
4	PAMANTASAN NG LUNGSOD NG MAYNILA	124	121	97.58%
5	UNIVERSITY OF SANTO TOMAS	466	436	95.61%
6	UNIVERSITY OF THE EAST RAMON MAGSAYSAY MEM MEDICAL CTR.	336	316	94.05%
7	FAR EASTERN UNIVERSITY-NICANOR REYES MED.FOUND.	296	268	90.54%
8	SAN BEDA UNIVERSITY	113	102	90.27%
9	SAINT LOUIS UNIVERSITY	161	145	90.06%
10	DAVAO MEDICAL SCHOOL FOUNDATION	213	182	85.45%

NOTHING FOLLOWS-----

The PRC (Professional Regulation Commission) released the Nov. 2020 Physicians Board Exam (PLE) with 3538 out of 4704 (75.21%) passed the exam.

While no FEU-NRMF graduate placed in the top 10, FEU-NRMF ranked #7 as top performing school with pass rate of 90.54%. FEU-NRMF ranked #4 in 2019 and #10 in 2018.

Congratulations FEU-NRMF!
